**SUBJECT: Chamber Way Improvement Project Update No. 11**

Work on the Chamber of Commerce Way Improvement Project continues. On Thursday June 11 the contractor will be installing the new traffic signal at the Southbound I-5 ramp and asphaltting the south portion of Louisiana Avenue from Chamber Way to the driveways of the Airport Oasis and Twin City Town Center. All of the traffic signals on Chamber Way from State Avenue to Louisiana will be in flash mode and the intersections will be controlled with flaggers. Work will continue from 7:00 a.m. to 5:00 p.m.

**Throughout the day, Louisiana Ave will be limited to one lane of travel. We are expecting to have traffic congestion during this portion of construction and are advising motorists to use caution when traveling in this area and when possible to use alternate routes.**

The City and contractor want to thank the traveling public and local businesses in the area for their patience that they have shown during this project.
